Crochet Teething Necklace

By: [Jaime DeVries from Jaime D. Designs](#)

New moms are sure to love this Crocheted Teething Necklace. Using crochet thread in your color of choice, you can work up this stylish and practical piece of jewelry in no time. It's just the right thing to wear if your baby is constantly grabbing and chewing things, such as your jewelry. This unique crochet pattern is both safe for your baby and stylish for you. There's no need to stop wearing jewelry while your baby is teething when you have free crochet patterns like this one.

Materials:

- Size 3 crochet cotton ythread
- Size 6 steel hook, 1.8MM
- 5 Round 5/8" beads (15.9mm), unpainted, unstained, untreated
- 10 Rounds 1/2" beads (12.7mm), unpainted, unstained, untreated
- 40-50" of ribbon
- Yarn needle
- Stitch marker

Notes: You will be crocheting around the 5/8" beads. It is also done in the round. You could use a stitch marker or just count. The photos use a larger hook to show detail.

Instructions

Round 1: Using a Magic Circle, ch1 6sc in the circle. (6) DO NOT JOIN Pull circle closed a LITTLE. If you pull it all the way closed you will have a hard time getting the ribbon through at the end.

Round 2: 2sc in back loop of each sc around (12)

Round 3-6: Sc in back loop of each sc around. (12)

Now you should put your wooden bead in because you will be decreasing next. Take the end of the thread from the beginning and weave it up through the whole. You can also put it in before you do round 6 and work around it.

Round 7: sc2tog in back loops of each sc around. (6)

Finish off and weave around the circle to close it up some if you need to. Remember, don't close it all the way as you still need to put ribbon through it. I also like to pull the end through the bead and back out the bottom (round 1) and then cut them both. You should now have a completed bead!

Repeat as many times as needed.

Assembly

Take your yarn needle and thread it with the ribbon. Put the beads on in order that you like. I did a small bead, large bead small bead repeat. When you get them all on, tie a knot at each end of the beads. I gave it a little wiggle room, but not much.

Closure

Thread each side of the ribbon through 1 bead each. Then thread it through the bead on the other side. Tie a knot at the end of the ribbons and CAREFULLY burn each end of the ribbon with a lighter so that it doesn't become frayed.

Paracord Cuff Bracelet

By: [Elisabeth Spivey from Calleigh's Clips and Crochet Creations](#)

This paracord cuff bracelet is the new fashion. Using 14 to 15 feet of paracord and this free crochet pattern, you can make your own jewelry to show off. It's an easy pattern you'll love to share with your friends and family. It's especially neat because paracord bracelets can be used in emergency situations when camping, hiking, or fishing. Simply unwrap the bracelet and use the paracord as a tourniquet, splint, shoelaces, belts, and fishing line (just to name a few).

Materials:

- Paracord - 14-15 feet
- Shackle 3/8ths
- N- Hook

Instructions:

Measure your wrist or the wrist of the person you are making this for.

Create an 11 sc chain-less foundation sts, ch 1 loosely (you'll need to be able to get the screw of the shackle through it), sc in each of the chains on the opposite side of the bracelet. Join with a sl st to the 1st sc.

Weave in the ends. (If this proves too difficult, you can tie off the two ends in a knot and melt the ends down with a lighter to prevent fraying.)

Slide the bigger part of the shackle through a few stitches at the end of the bracelet. You may have to stretch it a little bit.

Pearl Flower Necklace

By: [Joey Bailey from Created in AWE](#)

Summer doesn't have to end in September! Make yourself this beautiful Pearl Flower Necklace, and you can wear a little bit of summer all year-round. Use bright and bold crochet thread and pearl beads to complete this crochet pattern. If you'd like your flowers to be stiff and lie flat on the chain, immerse them in a mixture of Mod Podge and water solution, and let dry.

Materials:

- DMC floss – colors of your choosing
- Pearl beads
- Chain
- Clasp
- Scissors
- Jewelry pliers
- Sewing needle
- Small crochet hook (suggested: C2/2.75 mm)

Abbreviations:

ch = chain

sl st = slip stitch

st = stitch

sc = single crochet

dc = double crochet

tr = triple crochet

Flower Pattern:

Use the entire set of 6 strands of your first color.

Round 1 - Ch 4, sl st into 1st ch to form a ring. Round 2 - Ch 1, work 9 sc into circle. Sl st to ch 1. Round 3 - *ch 3, dc in next sc, tc in same sc, dc in same sc. Ch 3, sl in next sc*. Repeat sequence between *s until 5 petals are made with last ch 3 ending with a sl st into last sc.

Constructing the necklace:

Tie the ends together neatly on the back of the flower and weave in the ends.

Using 2 or 3 strands of matching thread, sew the pearl bead into the center of the flower.

These flowers were the perfect size for my necklace. Play around with different hook sizes and numbers of petals for your own creations. You will need 2 sc in round 2 for each petal you wish to have on your flower. Adjust the round 1 ring as needed.

Optional: To stiffen the flowers, immerse them one at a time into a 1/2 water 1/2 mod podge solution and allow to dry on a piece of plastic wrap. Hold each flower by the pearl while dipping them in the solution so the pearl would not be coated. Use a paper towel to absorb the excess solution. Allow the flowers to dry overnight.

Next, create the length of chain you want for the necklace and attach the clasp.

Lay out your flowers along the chain in your desired pattern, making sure each flower is either on the chain or touching another flower. Sew the flowers to the chain or adjacent flower with 2 or 3 matching threads.

Chunky Bangle Bracelet

By: [Jaime Maraia from Crochet Dynamite](#)

Use strips from a 2 liter bottle to make yourself this stylish Chunky Bangle Bracelet. This is a super easy crochet pattern to complete, so why not make more than one? These make great birthday presents for friends and family. Use crochet thread and a D hook for this pattern.

Materials:

- 3/4" strips cut from a 2 liter bottle - cut around the bottle, not top to bottom.
- Small amount of size 3 crochet thread
- Size D hook
- Yarn needle
- Scissors

Instructions:

Bangle cover:

(make 2) ch 7

Row 1: sc in 2nd ch from hook, sc in each ch sp across (6 st)

Rows 2-60: ch 1, sc in each sc across (6 st)

Fasten off. Weave in ends. Being careful not to twist the cover, whipstitch the short ends together to make a ring.

Constructing the bangles:

Use scissors to make sure that the strip of plastic has smooth edges. Be sure that there aren't any jagged edges that might scratch you. Trim the short ends of the plastic strip.

Place one cover around the outside of the plastic strip.

Place the other cover into the center of the strip. There will probably be an inch or so of overlap on the ends of the plastic bottle strip. This will allow your bracelet to slightly stretch when you put it on and take it off.

Whipstitch the sides of the cover together to fully encase the plastic.

For the "Hostess Cupcake Bangle":

Use coffee-colored yarn for the outer cover, and use a white or natural color for the inner cover.

Whipstitch the covers together using the coffee-colored yarn.

Using natural-colored yarn, make a chain of 75 stitches.

Using the photo below (or a cupcake!) for reference, stitch chain to the top of the bangle in loops.

Note: The loops will not go all the way around the bangle, it's just a top covering, like on the cupcake. If you'd like the loops to continue around the bracelet, make your chain longer.

Twinkle Star Earrings

By: [Jaime Maraia from Crochet Dynamite](#)

Your face will light up like the night sky when you wear these beautiful Twinkle Star Earrings. You'll need some basic jewelry supplies to complete this crochet pattern. These stunning earrings will complete any outfit.

Materials:

- Earwires
- 2" eye pins
- Crimp beads
- 2 pre-made Mini Wishing Stars
- Jewelry pliers
- Wire cutters
- Emery board (optional)

Mini Wishing Stars:

You can use any size yarn, with an appropriately sized hook, to make these stars. They also need a small amount fiberfill, if you'd like them to be puffy. (Make 2)

Row 1: 5 sc in magic loop, sl st to first sc to close round (5 st)

Row 2: ch 1, (2sc in next st) 5 times, sl st to first sc to close round (10 st)

Row 3: [(hdc, dc, trc, dc, hdc) in next st, sl st] 5 times

Fasten off. Leave a long tail for sewing sides together. Weave in center tail. Sew sides together. Add stuffing before sewing last 1/2 inch, if a puffy star is desired.

Constructing the earrings:

Open the lower ring of the ear wire and put the eye pin on. Close the ear wire ring back up.

Slide the wishing star onto the eye pin. Make sure you like how it's centered on the pin. Slide the crimp bead on after the star.

Use your jewelry pliers to smoosh (crimp!) the crimp bead snugly at the base of the star. Make sure that it is crimped tightly and doesn't move, or you risk your star falling off later.

Use your wire cutters to snip the long end of the eye pin off right below the crimp bead. (If the edge is super sharp and pokey, you can use an emery board to file the edge just a little.)

Happy Hour Cocktail Ring

By: [Jaime Maraia from Crochet Dynamite](#)

Add this Happy Hour Cocktail Ring to your crochet to-do list. This is a terrific statement piece that will be a great conversation starter. It's such an easy crochet pattern; you'll be able to make one for yourself and for each of your girlfriends.

Materials:

- 5 beads – 6mm
- .5mm Silver elastic beading cord
- Size D crochet hook
- Tapestry needle
- Bead Reamer
- Scissors

Instructions:

Load all of your beads onto the elastic.

Row 1: Get a magic loop ready, leaving a tail of 12-18" of elastic at the end. Ch 2 at the start of the magic loop to get it started. Slide a bead up and sc into the loop. Repeat until all of the beads have been used. Sl st into the first sc to close the round. Pull the loop tight. (5 st)

Row 2: Using the magic loop tail and the working thread, chain 20 (add more stitches for a larger ring, leave some off for a smaller ring). Sl st to the 3rd sc of R1 (or whatever stitch is on the opposite side of R1 from the chain).

Fasten off.

Weave in ends.

Snip off any extra elastic.
